Hiring Manager
American Airlines

Dear Hiring Manager,

I am writing to express my interest in the Software Developer Intern position at American Airlines. I am currently pursuing a Bachelor's degree in Computer Science with a minor in Mathematics and Data Analysis at Texas Tech University. Through my coursework and projects, I have gained experience programming in Python, C, and Java, as well as developing strong problem-solving and analytical skills. My academic background has given me a solid understanding of algorithms, software design, and database management, which I am eager to apply in a professional setting.

I am particularly drawn to American Airlines' focus on innovation and technology-driven solutions. I am excited about the opportunity to contribute to your IT team, learn from experienced developers, and help create efficient, high-quality software that supports the company's mission. I am confident that my technical foundation, collaborative mindset, and passion for continuous learning will make me a valuable addition to your team.

Thank you for your time and consideration.

Sincerely,
Fernando Rivera Armstrong
